S-21

DREAMSEEKERCARAVANS.COM.AU

ADVENTURE BEGINS
WITH THE S-21

FIRST CLASS INTERIOR

The S-21 range impresses on every level with beautifully designed living spaces and a high-quality finish across all three models. The S-21 boasts a variety of premium features such as wood textured bench tops, black composite single bowl sink, leather upholstery and premium matt black tap ware.

There is no compromise on quality with the Dreamseeker S-21 which includes premium matt or gloss cupboards and an extensive list of quality appliances and features. Each model has a 216Ltr Dometic 12vlt compressor or 3-way (Australian design, tropical rated) fridge, 3kg washing machine, smart TV, WIFI and much more. Step inside and be impressed by another level of craftsmanship with the

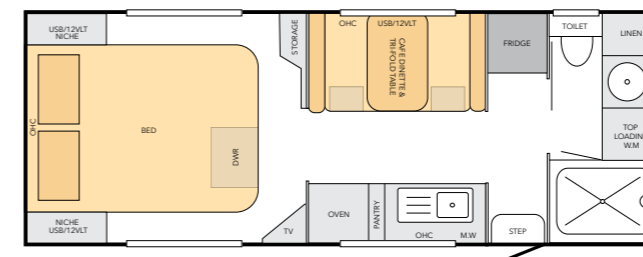

The S-21 firmly asserts Dreamseekers presence in the semi off-road market. Not only is it purpose built but it also exudes luxury and contemporary style. The S-21 is the top of the range with subtle but clever attributes that ensure the S-21 packs a punch with customers across the spectrum.

SEMI OFF-ROAD CAPABLE

The S-21 is designed for enjoying the outdoors and semi off-road adventures. The S-21 is built on a six inch chassis with a 3.3t ALKO Enduro Country Cross suspension. The primary features that compliment true off the grid camping are dual solar, dual water tanks, grey water tank, a gas bayonet, a toolbox, galvanised generator hatch and a dual access tunnel boot for endless storage.

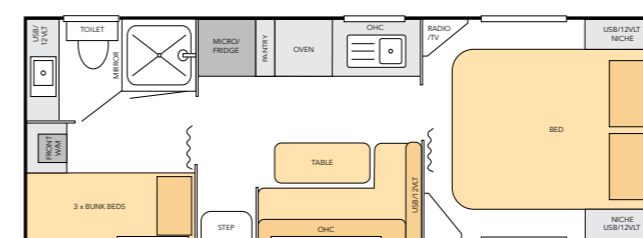

Some of the smart features that we have included with the end-user in mind are of course the additional external LED lighting, USB points, AGM batteries and an electric step. [The S-21 also includes an external entertainment hatch. [To power this beast the S-21 includes the popular BMPRO 35 Battery Management System and digital Trek display. Hard to imagine all of this and more in a caravan but comfort, performance and dependability are at the forefront of our minds with the S-21. In a market where more and more customers choose to pack up their lives and sell their homes, Dreamseeker Caravans provide a wonderfully crafted transition into the caravan lifestyle.
